Members holding a Veterans (V) COne Card are eligible for our 10% veterans discount.

Due to the recent change of NDI cards being a classified document, Whitefish Mountain Resort can no longer offer this discount to Retired Canadian Armed Forces Members. We have no way of distinguishing a retiree from a veteran.

Per our Canadian Military contact:

“The NDI cards are not to be shown for any leisure purpose; the use of these cards is restricted only to purposes related to their service, such as gaining access to secure buildings, Bases/Wings/Units, etc. In no situation should a member show their NDI card for a recreation or personal reason. As such, the COne Card is the only card that members should show for leisure travel purposes. This is as per the direction of the Chief of Defence Staff, who reports to the Minister of Defence, and to the Prime Minister. In Canada, a retiree from the CAF is the same as a Veteran; honourably discharged after serving their country.”
